

Harvest House Café

Location: Right Half of Market Fresh Foods

In 2003 I heard in my heart the words "go back to Covington" and wondered what it meant at the time. Now I, with my brother Keith and his wife Yvonne we are almost ready to launch **Harvest House Cafe~** featuring many recipes of the former Grandma`s Kitchen where I was the opening manager responsible for getting it off the ground and Yvonne was the head baker.

We will offer pressure fried chicken Monday through Saturday 10:30 -6:30pm and a special daily hot selection for lunch 10:30am-2:30pm such as homemade chicken and noodles with real mashed potatoes, roast beef, meatloaf, turkey hotshots etc.

We are currently set up as a cafeteria style with foods ready to serve immediately which will be a plus for those with limited lunch time. Most of our foods will be homemade including bread and buns for our sandwiches and pastries and pies for deserts etc.

We have our final menu and yes we are discussing the option of having free Internet for our patrons.

At this time we are undergoing inspections with the county and will give an anticipated opening date as soon as we know!
